Encourage your child to take care of personal hygiene by inculcating the following habits:

5. Some activities suggested for kids to experience and value nature, so that they can understand their importance and protect them.

- Take your child for regular morning walk to breathe in fresh air.
- Collect pebbles and paint them with your child.
- collect leaves and make a collage with your child ,let them feel the texture of the trunk and the leaves.

6. Play different games with your child to encourage them to express freely and make them more responsible. It is going to increase their self confidence and help them to grow into an independent and confident individual.
