Encourage your child to take care of personal hygiene by inculcating the following habits:

- Brush teeth twice daily
- Combing hair regularly
- Bathing everyday
- Washing hands before and after meals
- Trimming the nails and keeping them clean

**2. A book is a child's best friend.** Develop a love for reading and listening to stories. Suggested stories of story books for reading:

- Pepper
- Bruno
- Bubbles

**3. Encourage self responsibility** and accountability. Encourage them to keep the house clean especially the play area.

**4. Explore their creativity** and take care of their emotional, social & physical needs.

**5. Some activities suggested for kids to experience and value nature**, so that they can understand their importance and protect them.

- Take your child for regular morning walk to breathe in fresh air.
- Collect pebbles and paint them with your child.
- collect leaves and make a collage with your child, let them feel the texture of the trunk and the leaves.

**6. Play different games** with your child to encourage them to express freely and make them more responsible. It is going to increase their self confidence and help them to grow into an independent and confident individual.

- Collect things that belong to different rooms in the house and ask your child to name the object and the room which they belong to. Help them place the things back at the right place.
